DIVISION RULES

A Junior is any individual who has not reached their 18th birthday as of December 1 of the previous year. The age of an individual on December 1 will be maintained throughout the entire competition year. Persons born December 1 assume the greater age on that date. If a competition is in progress on any November 30 junior status at the start of the competition will be maintained throughout that competition. Juniors may not show stallions.

An Amateur is any individual 18 years and over who has not received any compensation or payment in any form such as cash, goods, sponsorships, discounts, housing, board or training in exchange for riding, exercising, showing, training or schooling horses for others. Entries must be paid directly to the horse show from the amateur or by the amateur's family. If a written complaint is filed with the board challenging the amateur status, the amateur shall submit verifiable proof of amateur status including but not limited to pay check stubs and bill of sale on horse the amateur is competing with. If the board deems such proof insufficient, the board may initiate suspension and return of awards and points.

Martingales - Classes offered at 1.30m or below have no martingale restrictions when used in a conventional manner. Classes offered above 1.30m (and all classes restricted to young horses) only running martingales used in the conventional manner. Running martingale used in the conventional manner: Only one martingale stopper per rein is allowed. The stopper must be positioned between the ring of the martingale and the attachment of the rein to the bit, hackamore or bridle. Exception: Irish martingales are permitted in all classes. Martingales are not permitted in any flat class.

Whips - Competitors are prohibited from using a whip that is longer than 30" (75cm) while in the process of jumping or schooling over fences. A rider may not carry more than one whip. Whips that are weighted at the end are prohibited at any time.

Curbs - When using a curb with any leverage bit, it must be constructed of loose links, joints, and/or lie smooth against the jaw of the horse and be free of twists, sharp objects or anything inhumane. A curb may be wrapped or inserted into a cover for the comfort of the horse. A curb may not be used in conjunction with wire, metal, rawhide, metal "keepers", or any other substance except for attachment of curb to the bit.

Draw Reins/German Martingales - Draw reins and German Martingales may only be used when schooling or in classes with no prize money that are offered at 1.20m or below. Ponies may not be ridden by a Junior in draw reins or German martingales at any time. No other head set devices (chambon, etc.) are permitted in any class. Draw Reins and German Martingales are not permitted in age restricted classes.

Tied Stirrups - Any rider competing with their stirrup, stirrup leather or foot tied and/or secured in any manner, will automatically be eliminated from that class. Riding anywhere on the competition grounds with stirrup, stirrup leather or foot tied or otherwise secured is cause for disqualification, by the steward or show manager, of that rider from the subsequent class in which the rider is entered.

Bits/Bridles - Regulation snaffles, Pelhams, and full bridles, all with cavesson-type nosebands are recommended. A judge, at his/her discretion, may penalize a horse with non-conventional type of bit and/or noseband.

All professionals and non-professionals riding at a SBCRC show must wear securely fastened protective headgear which meets or exceeds ASTM/SET standards and carries the SEI tag. Any rider violating this rule at any time must immediately be prohibited from further riding until such a headgear is properly in place.

Hunter and Equitation riders shall wear hunt coat, breeches and boots or jodhpurs and jodhpur boots for appropriate age group. Jumper riders may wear same attire as Hunter and Equitation riders or shirt with collar, breeches and boots.

Mules may not be shown at SBCRC.

In the case of a tie, horse or rider with the most points over fences will be given the championship. If a tie still exists, horse or rider with the most blue ribbons will be given the championship. As a last resort, a flip of the coin will decide.

DEFINITIONS OF DIVISIONS

Any SBCRC Horse show, which receives a rating from a separate governing body, such as SFHJA or USHJA shall conform to the applicable rules then in effect for the rated classes and sanctioned by such governing body. Management reserves the right to refuse, accept conditionally, or cancel entries, awards or prizes, and/or adjust the time schedule, combine, scratch or move classes as necessary, without claims or damage.

HUNTER DIVISION

All horses must be serviceably sound. The traditional manner of jogging for soundness in rated hunter divisions (i.e. Performance Hunters, Junior Hunters, etc.) has been modified. Soundness will be shown under saddle by trotting a circle on a long rein at the end of each over fences round.

Performance of a working hunter is based on an even hunting pace, manners, and way of going. Hunters under saddle are to be shown at a walk, trot and canter, both ways of the ring. Light contact with horse's mouth is required. Horses should be obedient, alert, responsive, and moving freely. They should not be eliminated for slight errors. Horse may be asked to hand gallop collectively, one way of the ring, at the discretion of judge. Not more than eight will be asked to hand gallop at the same time. Horses are not to gallop in baby green hunter classes.

A hunter course shall be any course which management deems a fair test of a hunter. Fences shall simulate obstacles found in the hunting field, such as natural post and rail, brush, stone wall, white board fence or gate, chicken coop, aiken, hedge, oxer, etc. Oxers are not to be square.

In SBCRC Hunter classes, points won on the flat will not count for Show Champion or Year-end Awards, unless the hunter competes in at least one class over fences (must jump at least one jump on course) in the same division, per show entered.

If jumping order is established, it must be posted at least one half hour before class.

GENERAL FAULTS

When an obstacle is composed of several elements in the same vertical plane, a fault at the top element is the only one penalized. In combinations (in and out) the faults committed at each obstacle are considered separately. In case of a refusal or run-out at one element of a combination, entry must re-jump all elements.

Judge shall penalize unsafe jumping and bad form over fences, whether fences are touched or untouched.

EQUITATION DIVISION

Rider should have a workmanlike appearance, seat and hands light and supple, conveying the impression of complete control. Hands should be over and in front of horse's withers; knuckles thirty degrees inside the vertical; and hands slightly apart, making a straight line from horse's mouth to rider's elbow. Eyes should be up and shoulders back. Toes should be at an angle best suited to rider's conformation; ankles flexed in; heels down; calf of leg in contact with horse and slightly behind girth. Iron should be on ball and foot. At the walk and slow trot, body should be vertical; posting trot inclined forward; canter halfway between the posting trot and the walk; galloping and jumping same inclination as the posting trot.

In Equitation classes, only the rider is being judged; therefore, any horse suitable for a particular style of riding, and capable of performing required class routine, is acceptable. Unsoundness shall not penalize a rider, unless sufficiently severe to impair required performance. Boots and conservatively colored bandages are permissible.

In SBCRC Equitation classes, points won on the flat will not count for Show Champion or Year-end Awards, unless the rider competes in at least one class over fences (must jump at least one jump on course) in the same division, per show entered.

Performance begins when horse enters the ring or is given the signal to proceed after entering the ring. Except for refusals, jumping faults of the horse are not to be considered, unless they result from rider's inability.

The following are tests which the judge may ask to be performed:

1. Halt (4 to 6 seconds) or halt and back.
2. Hand gallop.
3. Figure eight at trot, demonstrating change of diagonals.
4. Figure eight at canter on correct lead, demonstrating simple change of lead.
